

1. PRODUCT NAME

NorthRock® Paver Leveling Sand

2. MANUFACTURER

TCC Materials
2025 Centre Pointe Blvd.
Mendota Heights, MN 55120 USA
Phone: 1.651.688.9116
Web: tccmaterials.com

3. PRODUCT DESCRIPTION

NorthRock Paver Leveling Sand should be used on top of paver base beneath the masonry pavers allowing the installer to level out the pavers. Made with mason sand and fines, this moist product when screeded, is ready to accept the pavers. Industry practice suggests 1"-2" of Paver Leveling Sand on top of the Paver Base and screeded in place. The pavers are then placed on top of this product and compacted. Paver Leveling Sand is used with Paver Base, and Weed-Blocker Paver Locking Sand in a paver installation system.

Note: NorthRock aggregates are a naturally mined product. Color consistency may vary slightly from different veins within the quarry.

Features and Benefits

- Convenient ½ cubic foot bag
- Assists in proper drainage and stability for paver installations
- Great durability where the ground has potential for freezing

When/Where to Use

- Interior/exterior locations

4. TECHNICAL DATA

NorthRock Paver Leveling Sand is a natural material, close quality control is practiced.

Available Size

- ½ cu. ft. bag (BOM #103130)

Coverage

- Each ½ cu. ft. bag will cover up to 3 sq. ft. at 2 in. depth.

Approximate number of ½ cu. ft. bags needed	
Area to cover	2 in. depth
50 sq. ft. (5' x 10')	17
100 sq. ft. (10' x 10')	33
200 sq. ft. (10' x 20')	67
Or multiply by:	0.335

5. INSTALLATION

Preparation and Application

Refer to Paver Sands Material and Applications Guide. Follow all industry standard safety procedures when working with construction and landscape products.

Note: It is the responsibility of the installer/applicator to ensure the suitability of the product for its intended use.

Clean Up

Use soapy water to clean hands and tools immediately after use.

Safety

READ THE SAFETY DATA SHEET (SDS) BEFORE USING THIS PRODUCT. SDS information is available on our website: tccmaterials.com

Cautions

Read complete cautionary information printed on product container prior to use.

This Product Data Sheet has been prepared in good faith on the basis of information available at the time of publication. It is intended to provide users with information about and guidelines for the proper use and application of the covered NorthRock brand product(s) under normal environmental and working conditions. Because each project is different, TCC Materials cannot be responsible for the consequences of variations in such conditions, or for unforeseen conditions.

6. AVAILABILITY
