3. PRODUCT DESCRIPTION

Grass Color is a unique blend of organic pigments and binders for a true grass green color. This spray on color is a long-lasting formula to give grass and lawns a healthy and lush look.

Features and Benefits

- Fast-drying
- Yields up to 250 sq. ft. per jar
- Vibrant color
- Non-toxic
- Water-based
- Will not harm plants, pets, or wildlife

When/Where to Use

- Grass maintenance
- Excellent for getting rid of brown spots in grass

4. TECHNICAL DATA

Available Size

- 12 Fl. Oz. (0.35 L) jar (BOM #115124)

Coverage

Coverage yields up to 250 sq. ft./jar.

5. INSTALLATION

Preparation

Read all directions before starting work. Pull weeds and remove any loose or unsound materials. Cut grass if necessary. Do not apply on wet grass or when rain is forecast within 24 hours of application. Do not apply in temperatures under 50°F (10°C). Wear gloves while applying.

Note: It is the responsibility of the installer/applicator to ensure the suitability of the product for its intended use.

Mixing

- Shake container of Grass Color for at least one minute, or until contents are uniform.
- Pour Grass Color into a sprayer and add 1 gallon of water per 12 ounce container
- Shake sprayer for 30 seconds and pump until high pressure is achieved

Application

- Spray the area with your sprayer
- Keep the sprayer nozzle 6-12 inches over the surface
- Spray the area while moving in a back and forth motion for complete coverage
- Shake the sprayer periodically during application to ensure an even distribution of color
- Dries in 48 hours
- Weather conditions may influence dry time and it is recommended to let the area dry overnight

Clean Up

Clean out sprayer thoroughly. Refill the sprayer with water and continue to spray in order to completely clean out contents. Leaving unused Grass Color and water in the sprayer will clog it.

Limitations

- Can stain clothing. Be mindful when spraying
- May stain buildings, plants, etc. Protect areas prior to application
- Wet surrounding areas like driveways with water prior to application to avoid staining

Safety

READ THE SAFETY DATA SHEET (SDS) BEFORE USING THIS PRODUCT. SDS information is available on our website: tccmaterials.com

Cautions

Read complete cautionary information printed on product container prior to use. This Product Data Sheet has been prepared in good faith on the basis of information available at the time of publication. It is intended to provide users with information about and guidelines for the proper use and application of the covered brand product(s) under normal environmental and working conditions. Because each project is different, TCC Materials cannot be responsible for the consequences of variations in such conditions, or for unforeseen conditions.
