3. PRODUCT DESCRIPTION

Mulch Renew is a simple do-it-yourself product to keep mulch looking new. It is a unique blend of polymers for secure fiber adhesion. This spray on color is a long-lasting formula to give mulch a more vivid color.

Features and Benefits

- Fast-drying
- Yields up to 400-1000 sq. ft. per jar
- Vibrant color
- Non-toxic, water-based
- Biodegradable
- Will not harm plants, pets, or wildlife

When/Where to Use

- Mulch maintenance
- Excellent for keeping mulch looking fresh

4. TECHNICAL DATA

Available Size

- Brown 12 Fl. Oz. (0.35 L) jar (BOM #115104)
- Red 12 Fl. Oz. (0.35 L) jar (BOM #115094)
- Black 12 Fl. Oz. (0.35 L) jar (BOM #115084)
- Gold 12 Fl. Oz. (0.35 L) jar (BOM #115114)

Coverage

Coverage yields up to 400-1000 sq. ft./jar.

5. INSTALLATION

Preparation

Read all directions before starting work. Pull weeds and remove any loose or unsound materials. If necessary, rake the area and place mulch as desired. Do not apply on wet mulch or when rain is forecast within 24 hours of application. Do not apply in temperatures under 50°F (10°C). Wear gloves while applying.

Note: It is the responsibility of the installer/applicator to ensure the suitability of the product for its intended use.

Mixing

- Shake container of color for at least one minute, or until contents are uniform.
- Pour color into a sprayer and add 1 gallon of water per 3 fluid ounces of Mulch Renew
- Shake sprayer for 30 seconds and pump until high pressure is achieved

Application

- Spray the area with your sprayer
- Keep the sprayer nozzle 3-6 inches over the surface
- Spray the area while moving in a back and forth motion for complete coverage
- Shake the sprayer periodically during application to ensure an even distribution of color
- Dries in 48 hours
- Weather conditions may influence dry time and it is recommended to let the area dry overnight
- If Mulch Renew is on an unwanted area, rinse with water before it dries to prevent staining

Clean Up

Clean out sprayer thoroughly. Refill the sprayer with water and continue to spray in order to completely clean out contents. Leaving unused Mulch Renew and water in the sprayer will clog it.

Limitations

- Can stain clothing. Be mindful when spraying
- May stain buildings, plants, etc. Protect areas prior to application
- Wet surrounding areas like driveways with water prior to application to avoid staining

Safety

READ THE SAFETY DATA SHEET (SDS) BEFORE USING THIS PRODUCT. SDS information is available on our website: tccmaterials.com

Cautions

Read complete cautionary information printed on product container prior to use. This Product Data Sheet has been prepared in good faith on the basis of information available at the time of publication. It is intended to provide users with information about and guidelines for the proper use and application of the covered brand product(s) under normal environmental and working conditions. Because each project is different, TCC Materials cannot be responsible for the consequences of variations in such conditions, or for unforeseen conditions.

6. AVAILABILITY

To locate products in your area, please contact:
